High School age players

The John Gaspar Soccer Academy is looking for *committed parents and players* to form traveling teams.

These teams will compete outdoors in local tournaments this spring and early summer, most of their activities (Younger Teams) for the first two years will be local.

The focus will be on training. Team travel is dictated by team's level of play

***Female player's parents* please don't wait so long to get your player involved.**

I have noticed from experience. Those most female players will have to work very hard to catch-up to their counter-part male player due to a late involvement in soccer developmental.

The Academy is also looking for competitive players for our traveling Groups

97 Girls travel team

99 Boys travel team

2000 Boys travel team

95 Girls travel team

***Takes four to five years* of continues commitment and hard work to develop a competitive soccer player from the age of 7 through 12 years old if you miss that window.**

There will not be much that a great technical soccer coach can do for your player.

Any questions please call John Gaspar (309)397-9209 or jgsasoccer@comcast.net
